EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Kathleen Franklin on April 19, 2007.

The application has been amended as follows:

Canceled claim 76.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Although the closest prior art to Yokoyama et al. cited in the Office Action discloses a similar catalytic oxidative dehydrogenation process utilizing similar feed, catalyst, and conditions, the cited reference does not disclose nor suggest the claimed step of either forming a film of the fuel source on a wall of the reactor or feeding the liquid fuel source to a wall of a reactor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
